New RLC Communications Process & Tools Effective Wednesday, May 15 Learn about this new process and what is changing: tinyurl.com/RLC-Communications As part of Resurrection’s strategy for leveraging digital tools and spaces in living out our Holy Purpose, RLC has launched a new communications process with new tools for creating and communicating messages, reserving spaces at RLC and requesting people to serve. This communications process and related tools are a crucial step in bringing clarity and consistency to how we communicate messages here at Resurrection. The new process has four parts:

1. Single point of contact, our Parish Administrator, Tabatha Sutton
2. New Communications Toolbox on website:
rlcindy.org/communications-toolbox
3. Established deadlines for submissions
4. Guided, self-service Google Forms for requesting support

As we grow into this process together, there will be many opportunities for grace and patience. Our hope is that this process and tools will allow our ministry teams to focus on creating and sharing messages - instead of scrambling to figure out how to make it happen.
