Dear Friends,

Your support through the awesome grant of \$3,000 from your Endowment Fund is greatly appreciated! It's especially helpful during the coronavirus pandemic. We've heard so many words of thanks and appreciations from families as they come through to pick-up food. We frequently hear stories from families who have lost their jobs and struggling to get by. We pass those kind words along to you now.

2020 has been a most extraordinary year and we are therefore grateful for your extraordinary support. You made it possible for us to continue fighting hunger and serving those who need support during the pandemic and beyond. In 2020, we quickly re-configured to a pre-box, drive-through approach to minimize the COVID risk and added a delivery option to homebound households. We served over 25,000 household visits throughout the year. That amounts to over 2 million pounds of food donated, collected and distributed to vulnerable households. We continue to be 100% volunteers so your donations go directly to fight hunger in our community. We are blessed with so many volunteers who stepped forward to make a difference during this challenging year.

Your generosity goes far in serving those impacted in our community. Imagine... a world without hunger, that's our vision. With your help, we will continue working to ensure that hunger is not an option for anyone in our community.

Blessings,

Carol

Carol Phipps
