

Semi-Annual Congregation Meeting: August

What is Zoom?

Zoom is an easy to use video conferencing platform that will operate on a computer, tablet, or smartphone.

Tips for Participating on Zoom

- [Download the latest version of Zoom](#) for your desktop/laptop, tablet, or smartphone. Zoom continually updates features and you will need the latest version of Zoom to fully participate in this meeting.
- Multiple voting members (confirmed members) can participate and vote using the same Zoom connection.
- Each Zoom connection must use a unique email address. If two connections use the same e-mail address, Zoom will only record the votes from one connection.
- Please turn on your camera on so all participants are visible. All participants will be muted during presentations.
- Please update your screen name to identify yourself or your household.
